

Craft - Day One

The craft for the first day is a simple 'criminal record' type photo frame.

Photocopy page 4 onto acetate and divide into two (you only need one piece for each child's craft)

Cut out the frames from page 3 and stick the acetate onto the back of it. Then glue this frame onto the A4 sized card (page 2), leaving the top unglued so that a photograph of the child can be slid down behind the acetate.

The text can be coloured in and 'fingerprints' can be taken with washable ink or paint and placed in the sections at the bottom of the card. The whole card can then either be taken home or kept in a sort of rogues gallery for the team until the end of the week.

Each child will need to bring a suitable photo of themselves to put behind bars.
